Dear Karla,

My name is Cloud Wang, and I am writing on behalf of Group 21 in the CITS5206 Capstone Project. We have been assigned to Project 14a – Fire Vulnerability App for Cultural Heritage Sites.

We would like to arrange a meeting with you next week (Week 3) to discuss our project progress and seek your guidance.

Could you please let us know your availability next week? We are happy to meet either in person or online.

Kind regards,
Cloud Wang
Group 21

Hi Cloud (and others!)

Thanks for your email.

What time is your groups usual weekly meeting? It's probably easiest if I just listen in to that meeting rather than us needing to schedule a new meeting.

Thanks.
Karla

Hello,

I should be available. Once you finalise the details, please let me know the time of the meeting. If you can also send a calendar invite to me that would be great.

Thanks.
Karla
